Development Tools

- Git
- GitHub
- Visual Studio Code
- Browser Developer Tools

Development Practices

- Mobile-First Development
- Version Control

- Website Optimization
 - Cross-Browser Compatibility
 - Debugging
 - UI Implementation
 - Problem Solving
-

HEALTHCARE COMPETENCIES

- Patient Assessment & Monitoring
 - Medication Administration
 - Care Planning & Implementation
 - Patient Education
 - Clinical Documentation
 - Infection Prevention & Control
 - Interdisciplinary Collaboration
 - Quality Improvement & Patient Safety
 - Healthcare Communication
 - Patient Advocacy
-

PROJECTS

Nexus Landing Page

Technologies: HTML, CSS, Tailwind CSS

Designed and developed a fully responsive landing page focused on delivering a modern user experience and visually engaging interface. Applied mobile-first development principles, responsive layouts, and clean component-based styling to ensure accessibility across devices.

Project Link: <https://github.com/Victoria-Echebima/tailwind-project.git>

Italian Restaurant Landing Page

Technologies: HTML, CSS

Collaborated in Building a responsive restaurant website featuring intuitive navigation, engaging visual presentation, and optimized user interactions. Focused on creating an attractive digital experience that enhances customer engagement and usability.

Project Link: <https://github.com/gabrielnjoku/restaurante-peak.git>

Personal Portfolio Website

Technologies: HTML, CSS

Developed and deployed a professional portfolio website showcasing technical skills, projects, education, and professional experience. Implemented responsive design, modern UI principles, and accessibility-focused development practices.

Live Site: <https://victoria-echebima.github.io/personal-portfolio-website/>

MamaPut Online Website

Technologies: HTML, CSS

Developed a food-ordering platform inspired by local food vendors, providing users with a streamlined browsing and ordering experience. Focused on responsive design, intuitive navigation, and user-centered interface development.

PROFESSIONAL EXPERIENCE

Intern Nurse

Federal Teaching Hospital, Owerri
April 2025 – March 2026

- Delivered high-quality patient-centered care through comprehensive physical and psychosocial assessments, promptly identifying changes in patient conditions and supporting timely clinical interventions.
- Collaborated with physicians, nurses, and multidisciplinary healthcare teams to develop, implement, and evaluate individualized patient care plans.
- Administered medications, intravenous therapies, and prescribed treatments while maintaining strict adherence to safety protocols and clinical standards.
- Performed nursing procedures including wound care management, specimen collection, catheter care, infection prevention measures, and patient monitoring.
- Educated patients and family members on treatment plans, medication compliance, discharge instructions, and disease prevention strategies to improve health outcomes.
- Advocated for patients by facilitating effective communication between healthcare providers, patients, and families, ensuring informed and patient-centered decision-making.
- Maintained accurate, timely, and legally compliant electronic health record documentation in accordance with institutional policies and healthcare regulations.
- Participated in quality improvement initiatives, patient safety programs, and risk management activities to support continuous service improvement.

- Demonstrated strong organizational, communication, leadership, and critical-thinking skills while managing multiple patient care responsibilities in a fast-paced clinical environment.
-
